Black Jack F1 Fast Version Sweet seeds

Feminized and photoperiod-dependent version with an ultra-fast flowering of one of the first and most appreciated strains

Just like the original version, this strain produces very potent and productive plants, with strong side branches that are very long and fully loaded with aromatic flowers. The aroma is very sweet, featuring hints of incense complemented by lemony citrus tones. This version shortens the flowering time by one week compared to the original version.

Feminized and photoperiod-dependent version with an ultra-fast flowering of one of the first and most appreciated strains.
