Description

Glory OG

We present as a novelty in our catalogue in our line of powerful indicas, this work that began to be done through one of the Elite clones that a great breeder from Northern California advised us, we are talking about the wonderful Blood Diamond OG. After cultivating the variety for a while and surprised by its results, we started to work with it, crossing it with some parentals to find a perfect combination for the most demanding palates and the most demanding noses.

After several tests we opted for a selection of Blueberry x HeadBand with a great Blue predominance in the well known aromas and flavours.

A hybrid with a very considerable power, with small notes of coloration between red / purple with aromas of mother earth of its blue parentale and flavors that will remind us of the sweetest and tastiest peaches you've ever tasted, you will taste like glory.

Aroma: The green flowers give off a strong scent between mango and peach, with slight hints of vanilla.

Flavour: The strong fruity bouquet, half mango half peach, permeates the taste buds and the subtle notes of vanilla will surprise you.

Effect: Powerful and long lasting, mostly indica with a clear meditative or relaxing character.
