Description

Green Gelato Auto

## Green Gelato Auto Royal Queen

---

Green Gelato Auto is really easy to grow and reaches a maximum height of 120cm. She's the perfect plant for rookie growers, but beware! Her potency is definitely not for beginners! When grown in optimum conditions, and in only 70 days from germination, you can obtain yields of 450 g/m2 indoors and 175 g/plant outdoors.

Green Gelato Auto boasts an intense sweet flavour with earthy notes and a fresh, citric touch inherited from her predecessors. Her extraordinary THC content (over 24%) separates this strain from all the other autoflowerings.
