Description

Afghan Hash Plant Regular The Afghan Hash Plant™ was chosen from seeds collected in the 1970's, from the best traditional hash makers in the Mazari Sharif region. An exciting few years were then spent growing out and selecting the strongest and tastiest phenotypes for our

breeding stock, from there the Afghan Hash Plant™ was unearthed. It is a champion hash making variety and is one of our favourite pure Indica strains. Afghan Hash Plant™ develops dense resin-dripping flowers, releasing a rich sandalwood aroma that's undercut with a punch of citrus.
