Description

Auto Ultimate

Auto Ultimate® is the autoflower version of our bestseller 'The Ultimate®'.

This is a plant which delivers good production levels of top strength cannabis, it is highly recommended and delivers consistently impressive harvests.

The best results were obtained when The Ultimate® was automated together with some genetics from our original and legendary Auto Mazar®.

The outcome is a vigorous high-yielding variety which grows up to 80-100cm with compact buds ranging from medium to large in size.

The buds are sticky and coated with a sweet aromatic coating of resin. The taste and high from Auto Ultimate® are very similar in quality to the original.

With proven parent genetics, and the best Dutch Passion auto breeding techniques, **Auto Ultimate®** guarantees a great performance in your growroom.

We feel this is one of the best combinations of yield, quality and consistency available, even from our own collection.
