Description

Banana Krumble (Banana Punch x OG Kush)

We selected the Banana Punch for its smell and flavor of overripe bananas and cinnamon and crossed it with our selected OG Kush to bring back the gassy fuel like flavor.

Banana Krumble grows very short with thick, overlapping fingers and only starts to stretch in late veg and early flower. It can take moderate to high feedings and produces medium high yields. The compact buds will need support during the last weeks of flowering. Buds are dense and covered in resin, making it an ideal strain for extractions.

The effect is very strong on the body and long lasting, making Banana Krumble the ideal nightcap strain.
