Description

Blue Dream Haze

Blue Dream Haze x SFV OG IBL

This is truly the original Santa Cruz cut.

It's crossed to once again for the male/female seeds, it's crossed to the SFV OG IBL and it is extremely fragrant with reports of a blueberry pie pheno.

Larger yielder, more fan leaves, more prone to mold.

Our feminized version is just an S1 so we take the Santa Cruz clone and reverse it and cross it to itself.

There is the sandalwood from the typical haze, but there has been a very larger report of a more consistent blueberry pie phenotype, so be on the look out of the special blueberry pie phenotype.
