Description

Double Banana Kush

Double Banana Kush White Label

Double Banana Kush Feminized is 95% indica, 5% sativa. It was created by back-crossing White Label Banana Kush with its parental strains and adding the sweet orange qualities of California Indica. The result is a stable fusion of multiple generations of indica genomes, producing an unmatched Kush variety. White Label Double Banana Kush feminized cannabis seeds give growers double the flavour, resin production, and power of comparable indica / kush strains.
