Description

Haze Berry Auto

Haze Berry Auto Royal Queen

Haze Berry Automatic is easy to grow and will be ready for harvest in only 10 weeks from germination. She reaches around 1 metre in height, so she's easy to handle and perfect for beginners. Her yields are more than acceptable in any growing environment.

Haze Berry Automatic produces a subtle Sativa effect: cerebral and mind-stimulating but non-psychoactive; very similar to the effect you get after drinking a cup of coffee. It activates your head and boosts creativity.
