Description

Upgrade of one of our most appreciated plants, developed from a NYC Diesel line. Extremely potent, this high yielder has a super-strong and rare exotic aroma. A marvelous and wonderful plant with an appearance and bud growth from the Indica side and with a euphoric high, allowing

one to discover its cocktail of Sativas present in its broad-based gene pool. The resin production is exuberant. It allows for a psychedelic long-lasting high. Variety SWS06 Indica/Sativa: 40/60% Indoor Yield: 400-500 g/m2 Outdoor Yield: 350-550 g/plant Indoor Blooming: 9 weeks Outdoor Harvest: late September
