Description

Flo is a potent, predominately Sativa plant that matures very early.

By adding the excellence of that pedigree Indica strain, the great Black Domina, we ended up with a variety with an exceptionally short flowering cycle yet large, tight foxtail buds and compact, purple calyces.

These plants are taller than most and tend to spread, which is why we recommend a really short vegetative cycle indoors (the first buds reach maturity after around seven weeks).

Ideal for greenhouses.

Massive yields make this a very rewarding strain.

Its taste matches Manali hash, pure incense with minty overtones.

A very euphoric and pleasant experience!
