Description

Medizinal CBD

Plants with an average level of 15% CBD and 1% THC, which make them suitable for growing for medical purposes.

It is a productive medium-large sized plant with many branches and narrow leaves. It is easy to grow without the use of many fertilizers and it produces large buds with orange fruity aromas.

Medizinal CBD is ready in about 60 days of indoor flowering, producing up to 550 gr/square meter, and 1200 gr/plant in the outdoors.

As for its flavour, it is completely sweet, orangey and fruity.

The effect of this strain is not at all psychoactive; it is relaxing with the perfect therapeutic use and advisable for anyone after practicing sports as a muscle relaxant.

With its high CBD content it is perfect for its several well-known therapeutic preparations like oils, creams, extractions, etc.
