Description

Nicole Hindu Kush

Nicole Hindu Kush Feminized is 90% indica, 10% sativa. It's a fragrant, potent hybrid created from top-quality Afghan genetics. Each of its parent strains come from the mountain regions of Central Asia. Nicole Indica and OG Kush originate in the Hindu Kush mountain range and were improved by Californian and Dutch breeding programmes. The Hindu Kush parent is a legendary cultivar, brought directly from Afghanistan to the Netherlands in the 1980s.
