Description

Skunk #1

Winner of several harvest festivals, and "High Times" Cannabis Cup. Skunk#1 (75% Sativa, 25% Indica) was originally a cross between 25% Afghani, 25% Mexican Acapulco Gold and 50% Columbian Gold. Inbred since 1978, now a stabilized homogeneous strain.

Blooms with long, thick buds, varying in colour from light green to golden. Very high flower to leaf ratio. Mold susceptible the last 6 weeks of flowering.

Soft and sweet aroma and a very strong "up" high.

Excellent variety for indoor growing or greenhouse with darkening system. Very high yields. Easy to manicure. This variety serves as a standard against which others can be measured.
