Description

3rd generation autoflowering variety.

This hybrid is the result of crossing a selected strain of SWS23 (Fast Bud #2 Auto®) and a SWS19 (Sweet Cheese®) elite clone from Sweet Seeds' R&D Department.

The resulting hybrid has been backcrossed twice with the Sweet Cheese® clone in order to establish the Cheese aroma.

This variety produces a long, thick, central bud which is very compact and resinous.

It has retained the intense, very sweet aroma characteristic of Sweet Cheese®, with mature spicy cheese overtones and slight hints of lemon.

Type

100% Autoflowering

Indoor

8 weeks from germination

Outdoor

Early September

Yield

350-550 gr/m²

Height

60-110 cm

THC

CBD

CBN
