Description

3rd generation autoflowering variety. Sweet Seeds has created this hybrid as its tribute to this classic, well-loved family of cannabis.

It is a hybrid cross between an Early Skunk elite clone and an automatic version of Critical Mass from Sweet Seeds' R&D Department.

The resulting hybrid has been backcrossed twice with the Early Skunk elite clone. This fast flowering variety is one of the most productive and resinous varieties, and produces dense buds covered with trichomes.

It has an intense skunk aroma with very sweet undertones perfumed with a hint of spices.

- Variety SWS34
- 100% Autoflowering
- Indoor Yield: 400-500 g/m2
- Outdoor Yield: 35-150 g/plant
- Indoor/outdoor harvest: 7½ weeks from germination
- Height: 60-90 cm
