Description

The OG #18

Reserva Privada OG Kush #18 is a true connoisseur quality.

Selected feminized OG Kush from cannabis seed that was so outstanding we had to re-feminize her.

Out of 40 Plants we had one exception plant "PLANT #18". She is more Sour tasting than OG – and has better yields than the OG.

She took the yield and fuely taste of the Chem Dawg with the OG Chem power. Flowering indoors takes about 9 weeks.

Her cannabis seeds produce a good yield of about 500-600g/m2.

If your a true connoisseur then this is without a doubt a must have for your collection.
