Description

Triple G

## Triple G Royal Queen

---

Triple G is an Indica-leaning hybrid that develops into a bushy plant with a moderate height. She's relatively easy to grow in any growing environment and will reward you with pretty good yields of thick, resin-laden buds which display beautiful orange pistils.

Triple G's effect is immediate: it hits your head really quickly, so watch out if you're an inexperienced user. She produces cerebral euphoria and other stimulating sensations. Triple G is one of those strains that makes you alert but is equally suitable for creative endeavours and introspection. She also exhibits invaluable therapeutic potential for chronic pain and insomnia sufferers, or for those struggling with lack of appetite.
