Description

White Dwarf Auto

White Dwarf is an auto flowering variety with a pervasive scent and a sweet flavour.

This is derived from the crossing of two powerful indicas.

White Dwarf is ready to harvest two months after sewing, regardless of photoperiod.

This trait makes it perfect for early crops.

Plus, it's small discreet size makes it easy to hide away from prying eyes.

It's natural resistance and short cycle reduces the chances of having problems during its growth.

White Dwarf is a safe bet for beginners.
